

CMEpilot's highly engaging interactive format stimulates learning while its modular design allows expansion from a single activity to a full-featured internet portal.

create

Compose your project:

Think outside the box for your next CME, patient education, speaker training, KOL management or virtual meeting project.

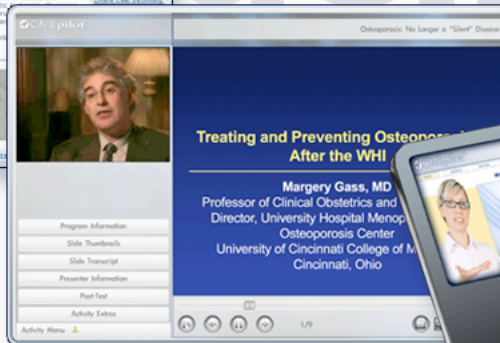

Hand your content off to us and we'll do the rest. We can follow your direction or we can help you brainstorm your concept and plan for the best use of resources.

deliver

Choose your Mode of Delivery:

- Internet Portal
- Webcast
- Audio / Video Podcast
- CD-ROM / DVD
- Print

manage

Review Your Traffic and Statistics, Manage Content, Send Messages:

With CMEpilot it's easy to manage your CME activities and access user reports from a simple web interface. Print and analyze valuable user trends data for a single webcast or a series of presentations. Email your reports right to your mailbox.

Above All, Don't Worry:

Rest easy knowing you have a team of dedicated professionals on your side who excel at quality, service, and support.
